CAREER OBJECTIVE

Front-End Web Developer with experience in Graphic Design. Working towards a Certificate in Full-stack Web Development from the University of Sydney Coding Bootcamp. Skills in JavaScript, jQuery, Node.js, React.js, Express, MySQL, MongoDB, APIs and responsive web design. Known as a quick learner and an indefatigable problem solver with strong execution and pressure resistance. Seeking an entry-level front-end position to begin my web development career in a professional team to fully utilize my training and to expand my learnings and skills, while making a significant contribution to the success of the company.

SKILLS

- **Professional Skills:** Responsive web design, cross-browser and cross-device websites, APIs

- **Programming Skills:** HTML, CSS, JavaScript

- **Frameworks:** React.js, jQuery, Bootstrap, AntDesign, Node.js

- **Databases:** MySQL, MongoDB, IndexedDB

- **npm packages:** express, socket.io

- **Software Skills:** Photoshop, InDesign, Illustrator

- **Soft Skills**
  Good level of written and verbal communication skills
  Strong pressure resistance to juggle competing priorities successfully
  Team player enjoying collaborating with team members to solve a problem
  Problem solver passionate about breaking down a challenging task piece-by-piece
